England
Wright T	Using family group conference in mental health	Nursing Times; 104: 4, 33–34.	2008	http://www.nursingtimes.net/Journals/2012/08/17/p/u/z/080129Using-family-group-conference-in-mental-health.pdf	This article outlines use of the family group conference in mental health care. This model of care is unique in involving both professionals and family and other support networks in helping clients to manage their condition. The process is led by the client and family network, and promotes social inclusion of an often isolated group of people.	England
